

USC Student Health: A 2019 Fact Sheet for New International Student

About USC Student Health

- USC Student Health is part of Keck Medicine of USC. We provide you with services on medical care, counseling & mental health, and support on sexual assault. The mandatory Student Health Fee you pay each semester covers the services provided by us. We have facilities on both USC's University Park Campus (UPC) and Health Sciences Campus (HSC). You are more than welcome to visit either one.

Services

- **Medical care:** At USC Student Health, we are here to support your basic primary care needs. Referrals to specialty care services are also available. All of our physicians are boarded certified and affiliated with Keck Medicine of USC. Here are some common reasons for a primary care visit:
 - Acute and Chronic Medical Concerns
 - Health Education
 - Physical Exam
 - Preventative Care
 - Sexually Transmitted Diseases (STD) Screenings
- *For a comprehensive list, please log in to MySHR or visit studenthealth.usc.edu*
- **Counseling & Mental Health:** We understand that study abroad is challenging, so we care about your mental health as much as your physical well-being. We provide individual therapy, group therapy, crisis support, psychiatric services and specialties for gender-based harm.
 - **Crisis support:** If you or you see someone is in a life-threatening situation, call 911. If you need immediate assistance, walk-in is strongly encouraged during clinic hours at both student health centers. 24/7 hotline is also available at 213-740-9355.

MySHR

- My Student Health Record (MySHR) is an online portal where you can schedule a health center appointment, view and upload your medical, personal, and immunization record, and correspondent with your provider through secure message. Click [here](#) to learn how to use MySHR.
